

Aircraft Appliance ADs

(Provided by AOPA Aircraft Title Services, Inc.)

Airworthiness directives may apply to aircraft, aircraft engines, propellers, or appliances. Below is a list of aircraft appliances that may be subject to ADs. Since each aircraft is uniquely configured with appliances, a complete report of appliance ADs has been prepared for you. This report lists all appliance ADs, many of which are not applicable to small aircraft and/or may not apply to your aircraft. For AD information specific to the appliances installed on your aircraft, a certified aircraft maintenance technician should be consulted.

Accumulators	Fuel System	Terrain Collision Avoidance Systems
Air Conditioner	Ground Proximity Warning Systems	Tires
Air Data Inertial Reference Unit	Gear Boxes	Traffic Advisory System
Air Filter	Glass Fiber Fabrics	Transducers
Airspeed Indicator	Glider Tow Couplings	Transponder
Alternators	Global Positioning System	Turbine Power Conversion
Altimeter	Governors	Turbochargers
Angle of Attack Sensor	Hardpoint Assemblies	Turn and Bank Indicator
Attitude & Heading Reference System	Hoists	Unapproved Parts
Auto-pilot	Horizontal Situation Indicator-HSI	VHF Nav/Com
Autopilot Servo	Hoses	Vacuum Pumps
Auxiliary Power Unit	Ignition Switches	Vertical Gyro
Ball & Swivel Joint Quick Connector	Instrument Filters	Water Boilers
Ballasts	Instrument Landing Systems	Water Heaters
Batteries	Integrated Avionics Computers	Wheel Assemblies
Beverage Makers	Intercommunication Systems	Wheel Skis
Brake Assemblies	LORAN	
Cabin Doors	Landing Gear	
Cabin Superchargers	Lavatory Receptacles	
Carburetors	Lighting	
Circuit Breakers	Magnetic Compass Systems	
Cockpit Voice Recorder	Magnetos	
Coffee Makers	Navigation Systems	
Combustion Heaters	Oil Coolers	
Cylinder Assemblies	Oil Filters	
Propane Cylinders	Oxygen Masks	
DME-Distance Measuring Equipment	Oxygen System	
Dusting/Spraying Operations	Parachutes	
Electric Flight Instrument Systems	Piston Pins	
ELT	Pistons	
Emergency/Survival Equipment	Pitot Static Heater	
Emergency Power Supplies	Protective Breathing Equipment	
Engine Gage Units	Push-Pull Controls	
Fire Detectors	Radio Magnetic Indicator	
Fire Extinguisher Dischargers	Receiver(s)	
Fire Extinguishers	Refueling System	
Flight Control System	Remote Water Boiler	
Flight Data Recorder	Safety Belts	
Flight Director Systems	Seat Track Fittings	
Flight Management Systems	Seats	
Floats	Smoke Detectors	
Fuel Cells	Spark Plugs	
Fuel Flow Transmitter	Speaker(s)	
Fuel Injected System	Standby Vacuum Systems	
Fuel Pumps	Starter	
Fuel Selector Valve	Starting Vibrator
